WEBSITE BUILD IS THE CREATION OF WEB PAGES & A SITE USING HTML, CSS, JAVA-SCRIPT OR OTHER WEB LANGUAGES. IT IS JUST LIKE DESIGN IN GENERAL AS IT IS THE COMBINATION OF LINES, SHAPES, TEXTURE, IMAGERY, & COLOR TO CREATE AN AESTHETICALLY PLEASING OR STRIKING LOOK. IT IS THE WORK OF CREATING DESIGN FOR THE WORLD WIDE WEB WHICH WILL REPRESENT THE MINISTRY OR BUSINESS.

REDESIGN VS. REFACE – WHILE A REFACE DOES NOT “CREATE” NEW DESIGN CODING OR MAKE LAYOUT CHANGES, IT ATTEMPTS TO INCREASE THE COMBINATION OF LINES, SHAPES, TEXTURE, IMAGERY, & COLOR TO CREATE A MORE AESTHETICALLY PLEASING OR STRIKING LOOK. WHEREAS A REDESIGN UTILIZES THE CURRENT CODING TO RECREATE, INTERPRET, & MAKE LIMITED LAYOUT CHANGES FOR A MORE AESTHETICALLY PLEASING OR STRIKING LOOK THAT IS BETTER SUITED TO THE CLIENT OR CONSUMER REQUEST OR APPEAL.

ADSITE IS A SINGLE WEBPAGE WITH A BRAND HEADER & ADDITIONAL CLIENT SPACE OR ADVERTISING SPACE FOR VENDORS WHO PAY A FEE FOR THE SPACE PROVIDED. PARKED PAGE SITE HAS A BRAND HEADER CLIENT ADVERTISEMENT.
